

Table 1: Objectives for each secondary goal of Strategic IPE Plan:

<u>Engage Faculty</u>	<u>Prepare Students</u>	<u>Build Partnerships</u>
2014-15 Develop Learning Objectives Repository	Expand IPE pilot projects/initiatives	Consult with clinical and community partners
Plan faculty development programs	Collaborate with student affairs and other academic support services	Determine best practices among clinical partners
Host Plexus II Symposium		
2015-16 Offer assessment programs	Expand clinical/experiential learning sites for IPE	Develop and implement joint faculty/student IPE models for teamwork
Promote faculty scholarship in IPE	Explore new technology tools for student learning	Establish an Advisory Board of community and clinical partners to guide and support collaborative learning experiences for students across multiple disciplines
Establish faculty mentoring plan		
2016-17 Implement University-wide review of the IPE Plexus	Conduct student assessment of IPE activities	Develop and implement a semi-annual symposium series for educators and practitioners on IPE practices
